Business/NCWorks collaboration: Picture attached of Plumbing Knight employees.

The Moore County NCWorks Career Center partnered with The Plumbing Knight of Moore County to help get Veterans to work in the Plumbing Trade. They also worked together to conduct a Veterans Food Drive for the Month of November. The Plumbing Knight would collect food items from their customers to be used to make Supplemental Food Boxes for Veterans in need. The event collected nearly 300lbs of food for Veterans in the community.

As a Veteran Owned Company along with having numerous Veterans on staff, the Plumbing Knight knows the benefits of employing Veterans and are always looking at ways to bring Veterans into the trade. "We hire Veterans first and foremost every time. Why you ask? Simple! Veterans understand the discipline it takes to get through life, both as an individual and as a Team Member. Add to our Team that guy or gal, and we can move mountains together." – Rodney Swarms
